CAUSE

On April 4, 2017, the U.S. Probation Office executed a search of Mr. Sloan's residence and discovered an undisclosed internet-accessible cell phone. Analysis of the cell phone revealed Mr. Sloan engaged in sexually explicit conversations with multiple individuals over the internet. He also exchanged sexually explicit photos with some of these individuals. Mr. Sloan admitted to this conduct and also disclosed that he had met two (2) adult men in person whom he had initially met online. The subject also disclosed that he had communicated with an individual who he knew was a high school senior. Mr. Sloan admitted that he secured the cell phone near the end of October 2016, when he was a Bureau of Prisons (BOP) inmate at the Buffalo Halfway House. Between November 2016 and April 4, 2017, when the probation officer discovered the

discovered the undisclosed access device, Mr. Sloan falsely denied access to a computer or the internet on multiple occasions. All of the aforementioned behavior also constitutes noncompliance with his sex offender treatment contract.

At this time, our office respectfully recommends that the defendant be placed at the Buffalo Halfway House for four (4) months in an effort to bring Mr. Sloan into compliance with the terms of supervised release. Residence at the Buffalo Halfway House will allow the subject to continue active participation in sex offender treatment and maintain his gainful employment. Mr. Sloan has agreed to the proposed modification as evidenced by the executed Waiver of Hearing to Modify Conditions of Probation/Supervised Release attached to this document.
